Secondary School Success Checklist-TEAM

Purpose:

Thanks for your time and interest in learning more about strategies to support your students. As part of the CSESA process, this component is designed to help align your student's needs, the supports staff need and the priorities of your school or district. It is anticipated that this process will take more than one meeting to complete. This is a great opportunity to work through the process of gaining feedback from multiple stakeholders and help integrate instruction, curricula and use of best practices.

The Secondary School Success Checklist (SSSC) is a tool that can be used by students, caregivers and families, and school personnel to help identify priority goals for the student to focus on in an effort to achieve a positive high school experience. The SSSC has two steps that will assist in moving towards goal selection:

1. Skill Evaluation: to evaluate needed level support and demonstration of skills across 3 domains: Promoting Responsibility & Independence, Community Engagement, and Self-Management
2. Priority Ranking: to determine priority rankings of non-mastered skills, which will help lead to the identification of 3 priority goals

Content: The Secondary School Success Checklist includes 3 domains, 11 subdomains, and many specific behaviors that are proven to contribute to successful experiences during secondary school as well as to optimize outcomes after high school.

Notes: Content for the **Secondary School Success Checklist** aligns with the *21st Century Student Outcomes*

(http://www.p21.org/storage/documents/P21_Framework_Definitions.pdf). Skills reflected in this document are noted with an *.

Content also aligns with the *Common Core & Extended Common Core State Standards*. Skills reflected in this document are noted with a †.

Instructions: Complete the checklist with team members identified in the PRISM Planning Guide.

Guidelines

1. Complete as much of the *Skill Evaluation* as possible based on current knowledge of the student.
2. Observe for 2-3 hours over the course of a school week if additional information is needed.
3. Complete the remainder of the *Skill Evaluation* section based on observations. Work with the whole team (including students and families) if possible.
4. Complete the *Priority Rankings* for non-mastered skills (i.e., scores of 0 or 1 in skill evaluation) with the whole team if possible.
5. See *PRISM Planning Guide* to move into goal selection and intervention planning.
